Proclamation

Whereas, the Board of Commissioners of the Township of Haverford, County of Delaware, Commonwealth of Pennsylvania, takes great pleasure in acknowledging notable achievements of young adults in the community; and

Whereas, the Board of Commissioners wish to applaud

Garret Gram Gideon Haniebnik

of the Boy Scouts of America, for earning the rank of Eagle Scout; and

Whereas, Garrett Graham Haniebnik has earned the rank of Eagle Scout. Garrett resides in the 2nd Ward of Haverford Township. He started scouting as a Tiger Cub in Cub Scouts in first grade in 2011; and

Whereas. Garrett's Eagle project involved replacing all the top boards at the handicapped fishing pier at Ridley Creek State Park. He also laid 13,000 pounds of crushed stone on the handicapped picnic area. He did this by directing and leading his fellow scouts through the process. He did this by removing the old boards and measuring and cutting the new wood to fit and replace the area. He and his fellow scouts carried the crushed stone by buckets then laid it and raked it by hand. He was able to get Lowe's to donate all of the wood for the project and Gallantinos' Supply Co to donate the stone. This demonstrated that he was able to work with his Community to get the supplies he needed; and

Whereas, Garrett continued up the ranks. Garrett is also a member of Brotherhood Order of the Arrow. He also served as a patrol leader and patrol scribe. Garrett has always showed an interest in helping others through scouting services. Garrett's main interest is welding - which he took 4 years in a row at Scout Camp. Garrett then started Vo-Tech for welding and is currently completing his course in Vo-Tech. He did a welding internship in the Summer of 2023 at M. Cohen and Sons in Broomall, PA. He is currently going to Vo-Tech one half day and working at Cohen and Sons half day. He also has a full time position beginning in June 2024 upon graduation; and

Now, therefore, be it proclaimed, by the Board of Commissioners of the Township of Haverford, County of Delaware, Commonwealth of Pennsylvania, that said Board of Commissioners hereby acknowledges and congratulates you for your many contributions to your community - with your long hours and dedicated work. Our blessings go with you as you face new challenges.

Proclaimed this 11th day of March, 2024.

Proclamation

Women's History Month

Whereas, each March, Women's History Month is a time to reflect on the substantial contributions of women in shaping the narrative of our nation and the world; and

Whereas, throughout the course of American history, women have articulated, strengthened, and fought for the values of equality, justice, and inclusivity, often without recognition or proper acknowledgment of their contributions; and

Whereas, from the suffragettes who fought tirelessly for women's right to vote, to the trailblazers in science, arts, politics, and every field in between, women have been pivotal in pushing the boundaries of what is possible; and

Whereas, it is essential to recognize the role of women from all walks of life, including those who have been historically marginalized and overlooked, in the quest for a more equitable society; and

Whereas, Women's History Month is not only a time to celebrate the achievements and breakthroughs of women past and present but also a call to action to continue the work of ensuring gender equality and empowerment for all; and

Whereas, the stories of women's courage, determination, and innovation serve as a beacon of inspiration for all people, to aspire to higher ideals of humanity and mutual respect; and

Whereas, it is the duty of every citizen, organization, and governmental body to recognize the contributions of women, to uplift their voices, and to work towards eliminating the barriers that women face in their pursuit of equality;

Now, therefore, be it Proclaimed that the Board of Commissioners of the Township of Haverford, County of Delaware, Commonwealth of Pennsylvania, recognize Women's History Month and acknowledge that fundamental freedoms are interconnected –
That When Women Rise - We All Rise Together

Township of Haverford

Ordinance Number P5-2024

An Ordinance amending Chapter 47 entitled “Amusement Devices” of the General Laws of the Township of Haverford to further regulate the premises within which such devices may be permitted and associated definitions; amending Chapter 182 entitled “Zoning” to clarify the definition of Convenience Store, to define E-Liquids, Electronic Cigarettes, Electronic Nicotine Delivery Systems, Game of Skill Machines, Hookah Bars, Indoor Recreational or Amusement Facilities, Mechanical Amusement Devices, Significant Tobacco Retailers and Smoke Shops; to prohibit Mechanical Amusement Devices within the premises of Significant Tobacco Retailers and to prohibit Game of Skill Machines in Convenience Stores; to expressly prohibit Significant Tobacco Retailers in the C-2 Neighborhood Commercial District; to delete cigarette and tobacco as permitted to be sold in gift shops in the C-3 General Commercial District; to establish Significant Tobacco Retailers including Smoke Shops, Vape Shops and Hookah Lounges as a use permitted by Conditional Use in the C-5 Shopping Center Commercial District; and to establish the criteria for the approval of a Significant Tobacco Retailers use.

Whereas, the Home Rule Charter of the Township of Haverford authorizes the Board of Commissioners to make and adopt ordinances consistent with the Constitution and laws of this Commonwealth and with the Charter;

Whereas, the Pennsylvania Municipalities Planning Code, 53 P.S. § 10101, et. seq., provides that municipalities are permitted to address the intensity of uses within a zoning district and provide for the promotion, protection and facilitation of public health, safety, morals, and the general welfare, and coordinate practical community development; and

Whereas, the Board of Commissioners desires to promote a complementary mix of uses that will generate pedestrian foot-traffic, disperse the intensity of uses throughout the Township, and promote the economic health of the Township; and

Whereas, the Board of Commissioners desires to prevent the over-concentration of certain uses within the Township; and

Whereas, tobacco use is still the leading cause of preventable death in the United States; and

Whereas, tobacco use places a huge financial cost on the nation's healthcare system and constraints on productivity imposed on the nation's economic system; and

Whereas, since 2014 electronic cigarettes have been the most commonly used tobacco products among the youth of the United States; and

Whereas, amusement devices and electronic games are commonly enjoyed and played by, and often attract, children and young adults who are not legally permitted to use tobacco products; and

Whereas, the use of Game of Skill machines are believed to have a deleterious impact on

children, may encourage gambling, and continual use of such machines may increase the risk of crime and endanger employees and customers of a business; and

Whereas, the Board of Commissioners desires to clarify the definition of Convenience Store, to define E-Liquids, Electronic Cigarettes, Electronic Nicotine Delivery Systems, Game of Skill Machines, Hookah Bars, Indoor Recreational or Amusement Facilities, Mechanical Amusement Devices, Significant Tobacco Retailers and Smoke Shops; to prohibit Mechanical Amusement Devices within the premises of Significant Tobacco Retailers and to prohibit Game of Skill Machines in Convenience Stores; to expressly prohibit Significant Tobacco Retailers in the C-2 Neighborhood Commercial District; to delete cigarette and tobacco as permitted to be sold in gift shops in the C-3 General Commercial District; to establish Significant Tobacco Retailers including Smoke Shops, Vape Shops and Hookah Lounges as a use permitted by Conditional Use in the C-5 Shopping Center Commercial District; and to establish the criteria for the approval of a Significant Tobacco Retailers use.

Whereas, the Board of Commissioners has met the procedural requirements of the Pennsylvania Municipalities Planning Code for the adoption of the proposed ordinance, including advertising and holding a public hearing;

Whereas, the Board of Commissioners, after due consideration of the proposed ordinance at a duly advertised public hearing, has determined that the health, safety and general welfare of the residents of Haverford Township will be served by this amendment of the Township's Code.

Now, therefore, the Board of Commissioners of the Township of Haverford hereby ordains and enacts as follows:

RE: **Preliminary/Final Land Development Plan**
JPM Haverford Road- 2228 & 2224 Haverford Road

Dear Mr. Smith:

As requested, we have reviewed the following in connection with the referenced project:

- *"Survey and Plan of Property for Deed of Correction, Consolidation, Zoning and Building Purposes"* (one sheet) dated October 31, 2022, last revised December 5, 2023.
- *Response letter from Carl W. Ewald P.C., dated December 11, 2023*

The applicant, JPM Haverford Road, proposes to consolidate two (2) existing lots and construct a second-floor addition to an existing commercial warehouse at the referenced property. The new consolidated lot will have a total area of 20,715 square feet (0.475 acres). No new impervious surface is proposed as part of this application. The property is within the R-5 Residential Zoning Districts.

The applicant was granted Zoning relief from the Zoning Hearing Board via a Stipulated Order dated June 28, 2023.

The applicant is requesting the following waivers:

- From §160-4 requiring a two-step preliminary/final land development plan review process.
- From §160-4.E(i) requiring a Traffic Impact Study
- From §78, requiring a stormwater analysis.

We offer the following comments:

ZONING

1. A parking tabulation for the various uses should be provided on the plan. (§182-707) Based on our calculations, it appears that minimum parking requirements are not met. **Partially Addressed. A Parking Space Use Table has been provided. This table utilizes the correct standards for off-street parking for the various uses. However, the calculations for the Garage and Warehouse uses do not account for the space required for each fractional amount resulting from the computation. It appears a total of 34 parking spaces should be provided.**
2. The following comments pertain to the proposed parking layout:
 - a. Per the Stipulated Order, the parking spaces associated with each use on the property should be identified on the plan. **Addressed**

- b. It appears that some of the indicated spots potentially impact the existing sidewalk and the entrances from Karakung Drive. **Addressed**
 - c. The aisles widths between the spaces on the west side are less than typical standards.
 - d. Parking spaces shall be clearly delineated by painted lines or markers. (§182-718.A(1)) **Addressed**
 - e. Stalls shall be provided with bumper guards or wheel stops when necessary for safety or protection to adjacent structures or landscaped areas. (§182-718.A(2)). **Partially addressed. A detail should be provided for the proposed wheel stops.**
 - f. All vehicular entrances and exits to parking areas shall be clearly designated for all conditions (§182-718.A(4)). **Addressed**
 - g. If spaces are used during evening hours, appropriate lighting shall be provided. (§182-718.A(5)). **Addressed**
 - h. Additional information regarding interior circulation on the site should be provided, including drive aisle dimensions, pavement markings and signage. (§182-718.G) **The five (5) spaces provided at the southeast corner of the lot do not appear to meet the minimum 9-foot required width. In addition, it appears at least one space is inaccessible.**
 - i. Dedicated spots for handicap parking, as applicable should be identified. **Partially Addressed. The applicant shall confirm that only one (1) handicap spot is required. Additionally, the accessible aisle shall extend the full width of the parking space.**
3. Off-street loading and unloading space(s) with proper and safe access from a street or alley shall be provided on each lot used for commercial or other purposes where it is deemed that such facilities are necessary to adequately serve any such use within the district. All such loading and unloading spaces shall be located at the rear of the building. (§182-708.A.(1)) The loading/unloading spaces should be identified on the plan. **Partially Addressed. The specific location of the loading/unloading area is not clearly delineated or dimensioned on the plan. In addition, if the designated area is smaller than the minimum dimensions required, the applicant shall demonstrate the area is adequate for the size of the delivery vehicle. Lastly, the area shall not overlap, occupy, or otherwise interfere with required driveway and parking spaces. (§182-708.A.(1)(a),(b),(c))**
 4. No main building and no part of a building shall be erected within or shall project into a front, side or rear yard, except for cornices, projecting eaves, gutters or chimneys projecting not more than 18-inches, steps, and awnings. (§182-712) The applicant should clearly indicate the proposed second floor addition on the plans and confirm the addition is consistent with this requirement.

SUBDIVISION & LAND DEVELOPMENT

5. The following plan requirements should be provided (or a waiver requested):
 - a. The plan should clearly indicate the associated building area for each use. §160-4.E(5)[g](3) **Addressed.**
 - b. A location map or key map showing the location of the site. (§160-4.E.(5)[b]) **Addressed**
 - c. A zoning data table indicating existing and proposed conditions. (§160-4.E.(5)[c]) **Addressed**
 - d. Existing monuments, easements, and rights-of-way. (§160-4.E.(5)[e](1)) **Addressed**
 - e. The State route numbers for Haverford Road and Karakung Drive. **Addressed.**
 - f. Signature blocks in accordance with §160-4.H(1) should be provided on the plan. **Partially Addressed. The text for various signature blocks will need to be revised.**
6. Monuments should be provided on right-of-way lines at corners and angle points. (§160-5.B(8)) **Partially addressed. The rear property line should be delineated with concrete monuments.**

OTHER

7. The location of and required screening for the trash enclosure should be indicated on the plan. **Partially Addressed. The plan should indicate the height of the fence.**
8. The location and approximate extent of Landscape buffering/screening for 2220 Haverford Road should be identified on the plan. **Partially Addressed. The extent of the landscape buffering/screening should be clearly delineated on the plan.**

The following comments pertain to the most recent submission (Revised 12/5/2023):

9. A depressed curb for access to Haverford Road is indicated to be installed at the northwest side of the lot. This access will require a PennDOT permit.
10. The proposed middle driveway entrance from Haverford Road appears to consist of a section of full height curb.
11. The minimum 18-foot length should be accurately depicted on the plan for all parking spaces. (§182-707.A(1))
12. Provide additional detail for the proposed retaining wall, including the height and material. (§182-727.C.). In addition, a portion of the wall near Haverford Road appears to be on the adjacent property.
13. With the expansion of the building for a second use, a Sewage Facilities Planning module or exemption will be required. (§160-4.E(5[d]))

Should you have any questions or comments, please feel free to contact the undersigned.

Sincerely,

PENNONI

CURRENT PROPOSAL

The plan proposes to consolidate two parcels into one and subsequently further develop an existing building by adding a second-story addition.

Date: September 22, 2023
File No.: 20-7892-26

REMARKS continued:

SITE CHARACTERISTICS

The is located along a commercial corridor with dual two frontages; one onto a minor arterial and a second onto a major collector. Neighboring the site is a business and a dwelling.

APPLICABLE ZONING

The proposal is located within the R-5 district and is subject to applicable regulations set forth by the Municipal zoning code.

NONCONFORMITIES

The site's existing use/building does not appear to comply with the regulations as established within the Municipal zoning code. Additionally, parking amounts and requirements are not provided within plan notes. It should be noted that zoning relief has been granted for the project.

COMPLIANCE

The proposal appears to comply with the R-5 district zoning with variances granted.

HIGHWAY OCCUPANCY PERMIT

In accordance with Section 508(6) of the Pennsylvania Municipalities Planning Code, the Township Engineer should confirm if the plan will need a highway occupancy permit(s) for access onto Haverford Road (S.R. 1014) and Karakung Drive (S.R. 1001).

SEWAGE FACILITIES

The developer should contact the Pennsylvania Department of Environmental Protection regarding the need for sewage facilities planning approval.

Date: September 22, 2023
File No.: 20-7892-26

REMARKS continued:

The Municipality should confirm receipt of any necessary Pennsylvania Department of Environmental Protection planning approval prior to final approval.

STORMWATER MANAGEMENT/IMPERVIOUS SURFACES

To the extent possible, the applicant should convert some proposed parking spaces and pavement area to pervious materials, such as landscaping or rain gardens. This would reduce storm water runoff from the site.

The Municipal Engineer must verify the adequacy of all proposed stormwater management facilities.

RECORDING

In accordance with Section 513(a) of the Pennsylvania Municipalities Planning Code (MPC), final plans must be recorded within ninety (90) days of municipal approval.

Dear Mr. Burman:

In connection with the Havertown PCP EPA Superfund Site in Havertown, Pennsylvania it is necessary for the United States Government to acquire a perpetual pipeline easement over certain property owned by Haverford Township in Delaware County, Pennsylvania, identified in Government records as Tract Nos. 115E-1 & 115E-2. A legal description and tract map of each easement is enclosed. This acquisition will be accomplished by the United States Army Corps of Engineers (USACE) on behalf of the United States Environmental Protection Agency (EPA).

An appraisal of the easements has been made for purposes of this acquisition. The appraisal was based on instructions provided by the EPA that the property was to be appraised "as if clean" and that the effect, if any, on the fair market value of the property due to its proximity to a Superfund site was not to be considered. Using this premise, the approved appraised value is **TEN THOUSAND and 00/100 DOLLARS (\$10,000.00)**. Because of the appraisal premise, this amount does not represent the estimated fair market value of the property, but is an amount that in all probability exceeds fair market value. Experience indicates that to the extent contamination impacts property value, it does so negatively; that is, contaminated property at a Superfund site tends to sell for less than a clean property that is not located near a Superfund site. The subject property has been appraised as if uncontaminated and without the influence of the nearby Superfund site.

The appraisal was made by a qualified real estate appraiser in accordance with the Uniform Appraisal Standards for Federal Land Acquisitions using nationally accepted valuation techniques recognized by authorities in the appraisal field and taking into consideration the value of the land and its highest and best use, as well as any improvements on the land. The highest and best use of the land was considered by the appraiser to be leased land.

The basic approaches to value considered by appraisers may be classified under three headings: sales comparison, income, and cost. In the appraisal covering your property, the sales comparison approach was utilized. The sales comparison approach considers the prices at which similar properties have sold in the area, not affected by the project, and not affected by those factors excluded from consideration in the aforementioned EPA appraisal instructions. These sales were adjusted on the basis of the differences in such factors as location, terms of sale, lapse of time, topography, building activity, and building condition. After completion, the appraisal was reviewed by a qualified appraiser with many years of experience in evaluating real estate, who approved it as a well-documented conclusion of the market value of your property under the EPA appraisal instructions.

Based on the appraisal methodology and the appraised value discussed above, the Government proposes to purchase this property from you for \$10,000.00. Enclosed is Offer to Sell Easement Form No. DACW-31-7-23-0363 for your review. Please sign the instrument at your soonest convenience and return a copy to this office. Upon receipt of the signed document, the Government will fully execute the instrument and provide a return copy to you for your records.

Should you have any questions regarding the form or the acquisition process, please contact Ms. Whitney Gross at (410) 794-6148 or whitney.l.gross@usace.army.mil. For any questions regarding the Site, please contact Mr. Joshua Barber at (215) 814-3393 or barber.joshua@epa.gov.

As we are all aware, COVID-19 has impacted and is expected to continue to impact all levels of the supply chain for the foreseeable future. The resulting product shortages, manufacturing delays, increased lead times and costs, shelter-in-place orders, border closures, and reallocations of supply by national, local, and foreign governments, among others, are all unforeseeable events outside of our control. Moreover, the ultimate duration and scope of these and other still unknown effects remain unclear. Accordingly, we must treat this pandemic as a force majeure event, which means that, for example, prior approaches, terms, conditions, commitments, and/or schedules, among others, may in certain circumstances require adjustment as we work together to navigate and mitigate the effects of this pandemic.

Finance Department Memorandum

March 4, 2024

To: David R. Burman, Township Manager

From: Aimee Cuthbertson, Director of Finance/Asst Township Manager

Re: Revised Award for Skatium Chiller Project

In June 2023, the Township awarded a contract to Elliot-Lewis Corporation for replacement of the chillers at the Skatium in the amounts of \$804,900.

At the time of the award, we rejected an alternate to replace the condenser water pumps since the current pumps were in a serviceable condition. However, the condition has deteriorated at an accelerated rate and it will be in the Township's best interest to replace as part of the chiller replacement project planned for late Spring/early Summer. This approach has been discussed at length with two separate service providers along with Pennoni Associates.

As such, there is a Motion to amend the original contract on your agenda:

Motion to the amend original contract award to Elliott-Lewis Corp, Philadelphia, PA to include alternate 8-3 in the amount of \$73,300 for a total revised contract award of \$878,200. Elliott-Lewis remains the lowest, responsible bidder.

The Skatium improvements are funded with bond proceeds obtained in the 2023 borrowing.

If you have any questions, Pennoni Associates will be on hand to discuss at the work session.

For **Dolan Mechanical (Plumbing)** contract these change order requests total an add of **\$26,390.78 (Twenty-six thousand three hundred ninety dollars & seventy-eight cents)** and will be part of a change order to their contract.

Rycon Construction Change Request #4 for an add of \$2,070.60

The cost included is for work associated to dig test pits in the basement of the old bank building to expose the existing foundations to confirm their depth/size and existing soil conditions for the Geotechnical engineer and underpinning engineer to inspect. This is so both engineers can confirm how the underpinning needs to be done and to ensure there are no unforeseen conditions present. The cost submitted and attached for reference is fair and reasonable.

Rycon Construction Change Request #5 for a credit of (\$21,702.45)

The cost included is for a credit back to move forward with manually operated operable partitions in lieu of motorized partitions in the Community Room located on the lower level. After further review with the Library, it was determined that motorized partitions are not required. The cost submitted and attached for reference is fair and reasonable.

Rycon Construction Change Request #8 for an add of \$7,708.05

The cost included is for work associated with first floor Mill Road exterior soffit framing. After the first floor ceiling was demolished it revealed the fact that there was no framing above the windows, the windows themselves went up to the underside of the 2nd floor. We received pricing to extend the window framing to the 2nd floor as well as pricing to frame a soffit as would be typical in new construction. This cost to frame a soffit was half the cost submitted by the window contractor which is why this change is being recommended. The cost submitted and attached for reference is fair and reasonable.

Rycon Construction Change Request #9 for an add of \$10,311.00

The cost included is for voids in the first and second floor concrete slabs in the original bank building discovered upon completion of demolition. This pricing reflects the cost to move forward with infilling these voids in the slabs as directed by the Structural Engineer in project RFIs #10/#19. The cost submitted and attached for reference is fair and reasonable.

Dolan Mechanical (Mechanical) Change Request #1 for an add of \$12,359.60

The cost included is for work associated with replacing the existing cooling tower piping mains to the roof. The engineer thought these pipes could be re-used for the new chilled water system, however upon inspection they are in very poor condition and need to be replaced. The cost submitted and attached for reference is fair and reasonable.

Dolan Mechanical (Plumbing) Change Request #1 for an add of \$2,775.04

The cost included is for work associated with cutting and capping the 1 Mill Road property's sewer line as needed for the demolition of the house to occur. The cost submitted and attached for reference is fair and reasonable.

Dolan Mechanical (Plumbing) Change Request #2 for an add of \$6,476.80

The cost included is for work associated with demolishing the existing roof drain piping. After inspecting the piping once the ceilings were demolished it was confirmed to be in poor shape and needs to be replaced. The new piping is being done by using contract allowance money however this cost to

demolish the old piping was not part of the original allowance carried in the plumbing contract. The cost submitted and attached for reference is fair and reasonable.

Dolan Mechanical (Plumbing) Change Request #3 for an add of \$17,138.94

The cost included is for work associated with Bulletin #6 for additional under slab drainage needed in the Community Room of the lower level. Once the existing concrete slab was cut and opened up for new electrical floor boxes, standing ground water was found. In review with the Geotechnical Consultant and design team it was determined additional under slab drainage would be needed. This cost is to provide additional perforated piping under the slab and tie it in to the new sump pump. The cost submitted and attached for reference is fair and reasonable.

AJM Electric Change Request #1 for an add of \$2,150.00

The cost included is for work associated with providing new electrical disconnects for the existing boilers. In review with the design team and Electrical Contractor, the existing disconnects are very old and should be replaced. The cost submitted and attached for reference is fair and reasonable.

AJM Electric Change Request #2 for an add of \$3,500.00

The cost included is for work associated with saw cutting the concrete slab on grade in the Community Room on the lower level. This saw cutting is to open up the flooring for the additional under-slab drainage referenced in Dolan Mechanical's change order above. The electrician's saw cutting contractor was already on site, so it made sense to have them perform this additional work. The cost submitted and attached for reference is fair and reasonable.
